BusinessFlare® estimate from public sources.

The estimate anchors on the sales the US Census Bureau published for this place in the 2017 and 2022 Economic Census, for retail trade and for accommodation and food services, and moves them month by month with the county's sales tax returns by kind of business (Florida Department of Revenue Form 10). After the 2022 anchor the place's share of the county moves with the growth of its commercial property on the Department's 2026 tax roll, as submitted by the county property appraiser, by use code: stores, shopping centers, supermarkets and auto dealers for retail; restaurants, bars and hotels for accommodation and food. The three spending groups follow the county's kind code mix within each sector. Every place with both anchors was carried from 2017 to 2022 the same way and the landing on the 2022 Census figure is the published error.
